Recorder Brown Appointed to Statewide Committee

Columbiana County Recorder Craig Brown has been appointed to the membership committee of the Ohio Electronics Record Commission (OERC).

Brown said that he was looking forward to his new responsibility of screening new committee members and continuing his work impacting Ohio records policy.

Brown was appointed to the position on Wednesday in a meeting located at the Ohio Historical Society.

The OERC is a committee jointly created by the Ohio State Archives and the office of policy and planning.

According to the group's website "the goal of the Electronic Records Committee is to draft policy for the creation, maintenance, long term preservation of and access to electronic records created by Ohio's state government."

Craig Brown is the only elected official on the committee and was recommended by past president of the Ohio Recorders Association Kathy Dunn (Ross County).
