RECORDER UPDATES ONLINE INFORMATION

Columbiana County Recorder Craig Brown has submitted information to update the Ohio Recorder's Association website.

Brown said, "The update was needed to accurately reflect the way business is currently being done."

The updates regarded the cost of an unassisted document photocopy and the processing time of a submitted document.

Currently the recorder's office charges twenty-five cents for a copy and not two dollars as stated on the website.

The site also says that document-processing time is "four weeks not longer." The update will reflect the current processing time of one to two weeks.

Brown said that an argument could be made that processing time is a little sooner but it is hard to say when the mail will deliver a finished document.

It should take a couple of days for the new information to be posted by the association.
